EDUCATION

Master of Arts in Writing Studies

2015

Saint Joseph's University, Philadelphia, PA | Member, Sigma Tau Delta

Bachelor of Arts in English (Writing)

2011

Saint Joseph's University, Philadelphia, PA | Dean's List | Member, Sigma Tau Delta | Transfer Achievement Award

Gloucester County College, Sewell, NJ

2004–2006

Dean's List | President's List | Member, Phi Theta Kappa | NJSTARS Scholarship

PROFESSIONAL SUMMARY

Instructional technologist and faculty advisor with over a decade of higher education experience, specializing in LMS administration, LTI ecosystem management, and direct faculty support for online and hybrid course delivery. Proven ability to manage course portfolios, develop training materials and documentation, build vendor relationships, and pilot emerging instructional technologies at the institutional level. Experienced supervising and onboarding academic support teams and working collaboratively across faculty, staff, and student stakeholders in fast-paced, service-oriented environments. Recognized presenter at state and national conferences on instructional design, AI integration, and authentic learning.

PROFESSIONAL EXPERIENCE

Salem Community College — Carneys Point, NJ

Academic Technology Coordinator (operating in Instructional Development capacity) 2022 – present

- Serve as primary instructional technology advisor to faculty, providing direct consultation on online teaching best practices, course design, LMS functionality, and technology integration across all modalities.
- Administer and maintain Canvas LMS and full LTI ecosystem, overseeing configuration, implementation, and lifecycle management of integrated platforms including CidiLabs (DesignPLUS, UDOIT, ReadyGO, CidiScape), GPTZero, Copyleaks, Perusall, Padlet, and related tools.
- Manage course-level instructional technology support across institutional course offerings, serving as the primary point of contact for faculty, staff, and student technology needs within supported courses.
- Develop and maintain comprehensive training materials, documentation, and onboarding resources for faculty and staff, including a multi-module AI Literacy Training Course and a full Adjunct & Faculty Training Portal within the LMS.
- Lead evaluation, piloting, and implementation of emerging instructional technologies, including serving as institutional GPTZero ambassador and pilot lead; maintain active vendor relationships with CidiLabs, GPTZero, Perusall, and other platform partners.
- Develop and deploy original instructional tools to address course-level gaps, including the CLEAR assessment support tool, Caption Wrangler (accessible caption editing), and an AI Writing Activity — all built independently and hosted via GitHub Pages.
- Hold sole institutional ownership of ReadyGO (course readiness and launch compliance) and UDOIT (accessibility scoring and remediation); serve as CidiLabs ReadyGO Ambassador.
- Overhauled LMS environment to ensure WCAG 2.1 AA compliance, including Canvas theme redesign, system configuration corrections, and deployment of standardized accessible course resource modules institution-wide.
- Oversee technology logistics and vendor coordination for academic programs, including Day 1 course material access (Cengage Unlimited) and institutional OLC membership for quality assurance and faculty development.
- Contributed directly to MSCHE accreditation site visit (April 2025) as primary academic technology representative, presenting on instructional effectiveness and Standard V outcomes alignment.
- Experienced with Brightspace (D2L) platform through evaluation and comparative assessment (2026).

Salem Community College — Carneys Point, NJ

Adjunct Professor, English and Humanities

2014 – present

- Design and teach courses across modalities (in-person, hybrid, online), including experimental ENG101 sections integrating AI literacy as a core component of composition pedagogy.
- Develop assignment and assessment models supporting authentic student learning in AI-rich environments, informing institutional discussions on course design and technology adoption.
- Deliver instruction in underserved and non-traditional environments, including NJSTEP programming at South Woods State Prison and College Readiness Now (dual enrollment, Penns Grove High School).
- Served as Chair, Outcomes Assessment Committee (2022–2024) and Co-Chair, Academic Senate (2022–2023).
- Contribute to curriculum development for gateway and developmental English courses, including assessment design and instructional materials adopted at the institutional level.
- Selected as college ambassador to Princeton University's Convening of the Humanities (April 2025).
- Co-recipient, Academic Excellence Award (2019–2020).

Salem Community College — Carneys Point, NJ

Academic Support Lab Coordinator

2021 – 2022

- Hired, onboarded, supervised, and evaluated a team of 8 academic support staff, managing scheduling, performance, and professional development across a high-volume student-facing operation.
- Directed daily operations of the Academic Support Lab, aligning academic support services with institutional retention and student success goals.
- Applied data-informed decision-making to optimize staffing, scheduling, and service delivery across diverse student populations.
- Expanded and formalized remote and hybrid tutoring systems to ensure continuity and accessibility of academic support services.

Salem Community College — Carneys Point, NJ

Senior Instructional Aide / Team Lead, Academic Support Laboratory

2013–2016, 2018–2021

- Supervised and trained tutoring staff, ensuring consistency and quality of academic support services across disciplines.
- Analyzed student usage data and contributed to institutional reporting on retention and student success trends.
- Served as liaison between faculty and administration to coordinate academic support initiatives and at-risk student outreach.

Thomas Jefferson University — Philadelphia, PA

Academic Development Specialist, Academic Support Services

2016 – 2018

- Designed and delivered academic support programming, workshops, and instructional materials for health sciences students across multiple disciplines and campuses.
- Hired, trained, and supervised peer tutors and academic support staff across multiple programs; managed scheduling and performance in a collaborative, multi-campus environment.
- Contributed to institutional initiatives in student success and inclusion through service on Title IX committee and academic conduct processes.
- Collaborated across departments in a large, complex university environment requiring strong coordination, communication, and responsiveness to stakeholder needs.

Saint Joseph's University — Philadelphia, PA

Chief Digital Consultant / Multimedia Laboratory Manager, College of Arts and Sciences

2010 – 2012

- Managed a multimedia computer laboratory serving arts and sciences students, providing hands-on technical instruction in industry-standard software including Photoshop, Final Cut Pro, and iMovie.

- Developed instructional guides and documentation for software use, network troubleshooting, and digital media production for student and faculty reference.
- Hired, trained, scheduled, and evaluated student staff; coordinated daily lab operations and reported on student progress to faculty.
- Collaborated with course instructors to support project-based learning, providing technical assistance and feedback aligned with course objectives.

SELECTED PRESENTATIONS

“Beyond Detection: AI-Forward and AI-Resistant Assignment Design for Authentic Student Learning.”
NJ Community College Opportunity Summit (2026), Atlantic City, NJ

“Teaching, Not Policing: Moving Beyond AI Detection in Academic Integrity.”
NJCCC Teaching and Learning in the Age of AI (2026), Scotch Plains, NJ

“Ditching the Discussion Board: Building Innovative Tools for Collaboration in Asynchronous Online Classes.”
OLC Accelerate (2022), Orlando, FL

PROFESSIONAL EXPERTISE

• LMS administration and LTI ecosystem management (Canvas, Brightspace/D2L)	• Direct faculty advising on online teaching best practices
• Instructional technology consulting and course portfolio support	• Training materials and documentation development
• Vendor relationship management and technology piloting	• Team hiring, onboarding, and supervision
• Accessibility compliance (WCAG 2.1 AA; UDOIT, CidiLabs)	• Original tool development (GitHub Pages deployment)
• AI integration in higher education	• Intermediate Excel and data-informed reporting
• FERPA, ADA, and Title IX compliance	• Outcomes assessment and accreditation (MSCHE Standard V)
